PROFESSIONAL SUMMARY

Front-End Developer (Frontend Developer) with hands-on experience building responsive, accessible, production web applications in React.js, Next.js, and TypeScript. Delivered bilingual Arabic/English (RTL) user interfaces, dashboards, CRM tools, and marketing websites using HTML5, CSS3, Tailwind CSS, REST APIs, Git, GitHub, Jira, and Agile sprints. Strong in App Router, Server-Side Rendering (SSR), Static Site Generation (SSG), Incremental Static Regeneration (ISR), state management (Redux, Zustand), TanStack Query, Core Web Vitals, Lighthouse performance, code splitting, and CI/CD. Background in customer service supports clear UX and cross-functional communication.

SKILLS

Technical Skills: HTML5, CSS3, SASS, JavaScript (ES6+), TypeScript, React.js, Next.js, Vite, Node.js, Tailwind CSS, Responsive Web Design, Cross-browser Compatibility, Accessibility (a11y), SEO

Libraries and Tools: Redux, Zustand, Context API, React Hooks, Custom Hooks, TanStack Query (React Query), React Hook Form, Zod, Radix UI, Recharts, Framer Motion, i18next, next-intl, Storybook, REST APIs, JSON

Performance and DX: Server-Side Rendering (SSR), Static Site Generation (SSG), Incremental Static Regeneration (ISR), App Router, Server Components, Middleware, Code Splitting, Image Optimization, Lighthouse, Core Web Vitals (LCP, FID, CLS, INP), ESLint, Prettier, CI/CD

Workflow: Git, GitHub, Jira, Agile, Scrum, Sprint Planning, Code Review, Turbo Monorepo, Coolify, Testing (Vitest), Problem Solving, Communication, Collaboration

WORK EXPERIENCE

Front-End Developer

May 2026 - Present

Ellwaa Software | Giza, Egypt (Hybrid)

- Develop and maintain bilingual Next.js App Router websites with next-intl, HTML5, CSS3, and Tailwind CSS for ellwaa.com (industries, careers, insights, blogs, and contact flows).
- Build the Assis operations dashboard in React.js, TypeScript, and Vite: client management, projects, onboarding, user administration, audit-log export, role-based access control (RBAC), and Arabic/English UI.
- Implement a sales CRM frontend consuming REST APIs: lead pipeline, bulk assignment, user management, TanStack Query caching, Zustand state management, and staging/production deploys.
- Ship an Arabic RTL human resources (HR) portal with React Query for employees, attendance, departments, offices, and tasks.
- Contribute to an internal admin dashboard with lazy-loaded modules, role guards, TipTap rich-text editing, charts, and real-time updates.
- Collaborate in Agile/Jira sprints inside a Turbo monorepo using Git, GitHub, Storybook, ESLint, and REST API contracts including Zoho CRM integrations.

Front-End Developer

December 2025 - May 2026

Springer Capital | United States and Canada (Remote)

- Next.js: Server-Side Rendering (SSR), Static Site Generation (SSG), Incremental Static Regeneration (ISR), App Router, Server Components, Middleware.
- React.js: Hooks (useState, useEffect, useMemo), Custom Hooks, Context API, State Management (Redux/Zustand), Virtual DOM optimization.
- Performance: Lighthouse scores, Core Web Vitals (LCP, FID, CLS), Code Splitting, Image Optimization, responsive design.
- Developer Experience (DX): TypeScript, ESLint, Prettier, Git, GitHub, CI/CD pipelines.

Customer Service Representative

July 2024 - November 2025

Concentrix | 6th of October City, Egypt (Remote)

- Resolved high-volume customer issues in a fast-paced environment; developed communication, problem solving, and stakeholder-management skills applied to front-end product work.

Customer Service Representative

April 2023 - March 2024

Teleperformance | Giza, Egypt (Remote)

- Handled 80+ technical customer inquiries daily while maintaining approximately 95% customer satisfaction; focused on listening, issue triage, and clear follow-through.

PROJECTS

LOS REYES Tourism Website

Next.js, TypeScript, i18n, Resend

- Built a Next.js App Router tourism website with destination and experience routing, trip planning, inquiry forms, Framer Motion animations, and booking emails via Resend and React Email. GitHub: <https://github.com/ah-hamada1899/LOS-REYES-Tourism>

Sales Analytics Dashboard

Next.js, Recharts, Tailwind CSS

- Created an interactive React/Next.js dashboard with bar, line, and pie charts, year and threshold filters, mock/API data toggle, atomic design, and dark mode. Live: <https://sales-dashboard-six-steel.vercel.app>

dev-core Portfolio Website

Next.js, TypeScript, Tailwind CSS

- Developed a personal portfolio website in Next.js and TypeScript to present projects and contact information. Live: <https://dev-core-kappa.vercel.app> | GitHub: <https://github.com/ah-hamada1899/dev-core>

EDUCATION

Bachelor of Science in Information Technology

2020 - 2024

Egyptian E-Learning University (EELU) | Egypt

CERTIFICATIONS AND TRAINING

Front-End Scholarship (React.js)

August 2024 - October 2025

Route | Giza, Egypt

Completed intensive React.js and modern front-end development training focused on usability, responsive design, and performance.

LANGUAGES

Arabic - Native | English - Fluent
